Nothing stays the same forever, and once again we have made changes to the festival layout and conduct. We are very pleased with the new car cruise route which does not include hill climbs and provides great safe viewing areas. The trade off is changing the cruise nights to Saturday and Sunday. We are planning a night at the Yatala Drive In on Friday as an alternate for the usual cruise.

As always our intent is to make the festival better for participants while minimising inconvenience for residents and those not involved in the event. Sadly we will never please everyone, but will continue to strive to please as many as possible!

Zones, Stages & Cruise Route

- Zone 1 will feature cabaret, dance, rockabilly, 60's, kid's and mixed entertainment
- Zone 2 will feature rockabilly, dance, and mixed entertainment.
- Zone 3 will feature mainly rockabilly and swing bands

CAR ENTRANTS:

Wintersun is all about fun and having a good time. As Wintersun gets more noticed by the authorities the pressure increases to maintain law and order. To keep Wintersun safe and secure we offer the following advice:

Please be aware that Wintersun is very much under the police microscope and your good driving manners and behaviour are essential to the long term success of this event.

Obviously Drink Driving, Burn Outs etc are a definite no - and may lead to criminal charges, vehicle confiscation and banning from future Wintersun events.

It contravenes Gold Coast City Bylaws to sell products from your vehicle. Any owner that sells without permission will be banned from future festivals and may face prosecution by Council.

It contravenes Gold Coast City Bylaws to advertise your vehicle for sale on a public street. Wintersun will hold a Hot Rod, Classic & Kustom Car Auction as part of the event, please advise if you would like further details.

Parking restrictions apply throughout Coolangatta.

EVERYONE

Please be aware that laws vary from State to State in Australia, and ignorance of the law will not save you from getting into trouble!

Queensland law does not allow people to drink in public streets or parks - the penalty is about a \$130 fine.

Gold Coast and Tweed buses and taxis offer a pretty good service so if you are partying and have a good time leave the car behind. Police in Tweed and on the Gold Coast are certain to be operating Breathalysers throughout the weekend with alcohol and drug testing.

Gold Coast City parking restrictions are now in operation 7 days a week in many parts of the city so please check the signs to avoid a parking ticket.

Where ever large crowds gather so will petty criminals, please keep an eye on bags, mobile phones, and other easily stolen items.

Wintersun planning takes about 18 months for each event and, at times, things change along the way.

At the time of preparing this document we have only an 'in principal' agreement with Police and Council. In consequence it is possible (although we feel unlikely) that some changes to layout may still be required.

Wintersun offers this information in good faith, however, it can accept no liability for any changes or alterations.

Where possible our web site will contain the most up to date information from Christmas on.
